Bake and Create

Bake and Create was formed back in April 2014. I have many years of experience in both the management and practical sides of all types of catering and events.

I can offer bespoke catering packages for all types of events from children's parties, christening, wakes, family celebrations and small weddings.

On a daily basis my service includes the delivery of fresh sandwiches, baguettes, wraps, homemade cakes and working lunches to the workplace. I also provide hot lunches for a pre school.

I would be delighted to discuss the details of an event and put together a specific package depending on your requirements.

If you have any queries or question, please do not hesitate to contact me.
